## Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) Appendixes

Species listed in Appendix I are threatened with extinction and are or may be affected by trade. Commercial trade in Appendix I species is strictly prohibited. Appendix II includes species that are not necessarily threatened with extinction but may become so unless trade is controlled. Appendix III includes species locally protected under national laws. The Convention is signed by 123 countries. For more information, visit [www.cites.org](http://www.cites.org).
